Web Programming with JavaScript

Thiago **Servoli**

Front-End Developer · React, Next.js, TypeScript

Working on Full Stack projects with Node.js and Python

PROFILE

I have worked in technology since 2019, on a path that started in technical support and evolved into web development. Today I build fast, responsive and accessible interfaces with React, Next.js and TypeScript, integrating with APIs (such as FastAPI) alongside design and product teams.

I am expanding into Full Stack work with Node.js, Python, REST APIs and SQL. My support background gave me a practical view of real user problems, and that is what I bring to my code: simple, well-structured solutions designed for the people who use them.

EXPERIENCE

Grupo In Press

Junior Front-End Developer — Dec 2025 – Present
São Paulo, Brazil · Remote

- Build responsive web interfaces with React, Next.js, TypeScript, HTML5 and CSS3, focusing on performance, usability and user experience.
- Integrate the front-end with APIs (such as FastAPI), ensuring smooth data flow across the application.
- Work with design and product teams to create layouts and prototypes that meet client needs.
- Run usability tests, identifying issues and proposing improvements to how users interact with the system.

Support Analyst — Aug 2021 – Jan 2026
São Paulo, Brazil · Hybrid

- Resolved technical issues and guided users in the use of systems and tools, with clear communication and a focus on user satisfaction.
- Worked directly with real user pain points, an experience that now informs my usability and design decisions on the front-end.

Araujo Abreu Engenharia

IT Apprentice — Jul 2019 – Dec 2020
São Paulo, Brazil

- Apprenticeship program in information technology, with first professional exposure to IT support and infrastructure.

PROJECTS

Internal Interactions App · Senac Brasil (2019)
Conceptualized and developed a platform for student engagement and direct communication within the institution.

HTML Web Developer Bootcamp (2021)
Hands-on development of responsive applications and interfaces, exploring best practices in HTML5, CSS3 and JavaScript.

More projects and code at github.com/ThiagoServoli and thiagoservoli.vercel.app.

EDUCATION

Impacta Tecnologia — 2020 – 2021
Associate Degree (CST) in Systems Analysis and Development

Senac Brasil — 2018 – 2019
Integrated Technical Course in Information Technology
